- QuickBooks Desktop & Online
- NCR POS Systems
- Digital Inventory Tracking
- Advanced Excel
- ADP Workforce Now

CHASE KINSLOW

Transaction Processing & Operations Professional

PROFESSIONAL SUMMARY

Detail-oriented operations professional with a Bachelor of Accountancy and hands-on experience in high-volume transaction processing, document handling, cash management, and regulatory compliance. Background spans zero-error reconciliations, digital tracking systems, data entry, and cross-departmental coordination in fast-paced environments. Proven ability to maintain production standards while ensuring accuracy, escalate non-routine issues effectively, and contribute to process improvement initiatives.

KEY ACHIEVEMENTS & SKILLS

Transaction Processing, Data Entry & Accuracy

- Executed high-volume POS transactions with zero-error accuracy, managing daily cash handling, register reconciliation, and payment processing across multiple product categories
- Managed comprehensive documentation workflows requiring zero-error precision — reconciliations, workpapers, and submissions where a single discrepancy disqualified an entire project file
- Directed inventory control using digital tracking systems to prevent shrink, maintain accurate stock levels, and ensure supplies were distributed across all operational areas

Customer Service, Inquiries & Escalation

- Handled customer inquiries and walk-in consultations, matching needs to available solutions while delivering a positive experience at every touchpoint
- Cross-trained across all departments to provide coverage wherever needed, ensuring uninterrupted service during peak periods and staff absences
- Escalated non-routine issues to senior team members, applying common sense and experience from similar situations to identify potential solutions

Compliance, Reconciliation & Process Improvement

- Orchestrated monthly close procedures with rigorous reconciliation of accounts and records to maintain total data integrity across multiple client portfolios
- Performed systematic opening and closing facility audits, applying inspection protocols to ensure compliance with brand standards, safety requirements, and operational benchmarks
- Maintained up-to-date knowledge of regulatory requirements and internal procedures, applying this knowledge to ensure compliance in all daily activities

EMPLOYMENT HISTORY

**Operations & Logistics** | Bayou DeSiard Country Club | 2025 – Present

**Accountant** | Little and Associates, LLC | 2020 – 2023

**Sales Associate** | Office Depot | 2020
