CHASE KINSLOW

Transaction Processing & Operations Professional

PROFESSIONAL SUMMARY

Detail-oriented operations and compliance professional with a J.D., CPA license, and Bachelor of Accountancy. Proven track record processing high-volume transactions with zero-error accuracy, managing cash handling and daily register reconciliation, and maintaining audit-ready documentation under deadline pressure. Background combines rigorous financial compliance discipline with hands-on inventory control, customer service, and cross-departmental coordination. Local to Monroe, LA with reliable transportation and immediate availability.

KEY ACHIEVEMENTS & SKILLS

Transaction Processing, Cash Handling & Accuracy

- Operated POS systems and processed transactions with accuracy in a fast-paced retail environment, ensuring seamless customer service across high-traffic periods
- Managed cash handling procedures, daily register reconciliation, and sales reporting, reducing discrepancies by 15%
- Maintained inventory control systems and tracked stock levels, ensuring accurate record-keeping and reducing stockouts by 10%

Documentation, Compliance & Reconciliation

- Developed proprietary parallel reconciliation models in Excel to track comprehensive project data sets, ensuring total eligible basis integrity by reconciling cumulative construction draws and recommending variance-correcting adjustments
- Managed comprehensive audit fieldwork — substantive testing, GAAP-compliant adjustments, final adjusted trial balances, and HUD-tailored supplemental schedules
- Co-administered end-to-end LIHTC application preparation, auditing project budgets for DSCR compliance and maximizing competitive scoring by optimizing FMR tiers and set-aside inputs

Operations, Customer Service & Escalation

- Managed daily equipment inventory, tracked supply levels, and reported shortages, reducing service disruptions by 20%
- Coordinated across departments to fulfill member requests and resolve service issues, improving resolution time by 10%
- Maintained organized equipment rotation schedules and condition records with consistent attention to detail, ensuring operational efficiency
